

Turn the Fish

Grades 1-2

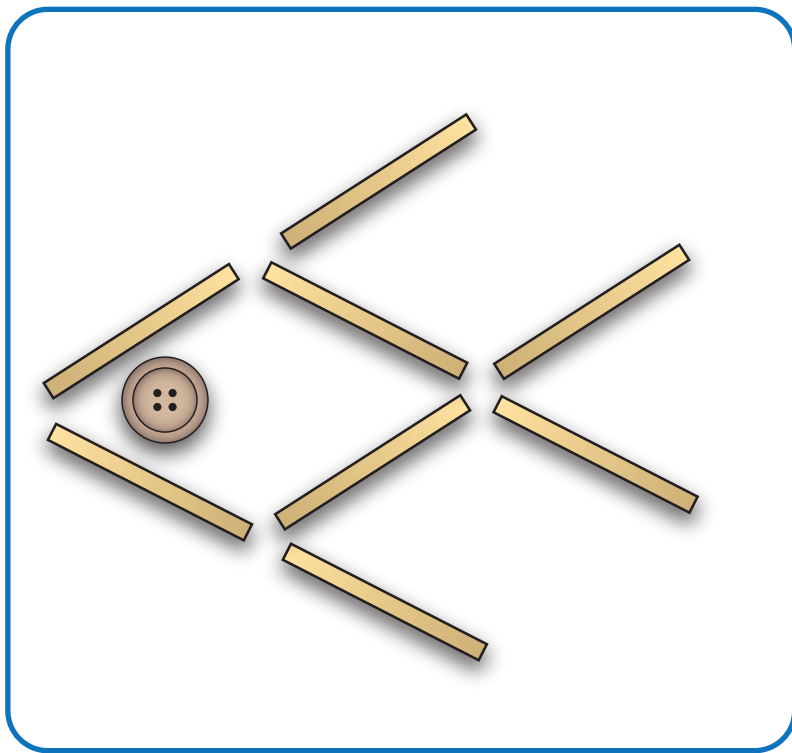

Summary

This is a great little puzzle that is simple to make but tricky to solve. You can build it using just sticks or toothpicks, or spice up the artwork and create a whole new story around it.

Equipment Needed

- Puzzle Play Mat
- 8 sticks or toothpicks, all the same size
- 1 button or bean to make the eye
- A sign that explains how to play and how to set up the challenge
- Add your own artwork and story to make the puzzle your own

HOW TO PLAY

Puzzle Set Up

Arrange the 8 sticks and button on the Puzzle Play Mat to form an image of a fish swimming, as shown in the illustration

Your Objective

Move three matchsticks and the fish eye, to make the fish swim in the opposite direction from where it started

Solution

If you need the solution – and we recommend you work really hard to figure this out yourself! – please have your team captain visit our website at
