

## Easy Storage

When you are finished playing, just remove the "square" side of the cube and place the five puzzle pieces and this instruction booklet inside for easy storage.

**Need some help? (Open to see the solutions...)**

## THINKFUN® VALUES

ThinkFun® games are all about fun, healthy brain play. For kids, they're about solving challenges and having fun. For adults, they're about brain aerobics and re-learning how to take risks. For seniors, they're about keeping mentally fit while connecting back to kids. ThinkFun® games are great for everyone!

## Puzzle Solutions

## About the Inventor

Adams Cube was invented by Henry Adams, a self described "architectural inventor entrepreneur." Adams created his Cube in 1975, and sold the puzzle through game and museum stores across America. It is a beautiful puzzle, and Adams has reissued it through ThinkFun to delight a new generation of puzzle lovers.
